A Timely Resource – Eldercare Locator

Increasingly, men are becoming primary caregivers for older adults who need care. For some men, this means taking on tasks for which they have never been responsible...such as cleaning, cooking, laundering or daily personal care and supervision. The role of caregiver can be especially overwhelming for men who are unaccustomed to asking for assistance and may not know where to look for help. One place caregivers can access resources, such as transportation for their loved one to the doctors office, nutritious meals delivered to the home bound, assistance with legal matters and adult day care is by contacting the “**Eldercare Locator**” at **(800) 677-1116** or **www.eldercare.gov**. This agency helps older adults maintain independence as long as possible.

Marcia Potter to Speak at Glendale Adventist September 11

Our own Parish Nurse, Marcia Potter, RN will be a featured guest speaker on September 11. Glendale Adventist Medical Center is sponsoring the Parish Nurse Program in the **Educational Conference Center of the hospital at 6:00 pm** that evening. Marcia will be speaking on “Parish Health Ministries: The Next Phase.” Over the past few months, Marcia and our Health Ministries Board have been hard at work and thoughtful in prayer. Their mission: developing a roadmap for the future of LHMF. Marcia and all of the Board members have been increasing their effort to collaborate, build and strengthen the health ministry of our host congregations, i.e. Zion Lutheran, First Lutheran, Lutheran Church in the Foothills, St. Matthews, Salem Lutheran and Solheim Lutheran Home. Growth is in the air!
