

SUMMER SUNDAY SCHOOL REQUEST

Summer Sunday School is traditionally different from the school-year Sunday School: different teachers, different classes, different content. This year we would like to focus our summer Sunday School across the generations--so that our class will have moms and dads and kids in the same class, along with friends (of anybody), cousins (of anybody), aunts and uncles (of anybody), grandparents (of anybody). You get the idea, everybody. All of us from Salem learning together in an enjoyable setting, maybe learning *fruits of the spirit* as we make and eat a fruit salad or define our relationship with God by designing a personal heraldry seal.

But we need people to lead the Sunday programs. Will you volunteer to lead a couple or three classes? You do not need to be an artist or theologically adept or musical. A friendly voice and a smiling face will do the job. You will have help and support! Or will you volunteer to help and assist in some of these classes, to help small hands negotiate or encourage shy people to take part?

So two requests: 1) Will you volunteer to lead or help a few sessions during July-August? and 2) Will you participate with us to learn God's Word in a joyful, communing style?

Contact Les Simons at church, by phone, or Les-Salem@adelphia.net.
