

COUNCIL HIGHLIGHTS – July 10, 2007

Patricia Sangster, Council Secretary

- A resolution was passed 12 years ago whereby we agreed not to use styrofoam products on the church and school premises. Unfortunately, the styrofoam cups and plates have gradually found their way back into our supply cupboards. At the Council Meeting on July 10, it was agreed that we not purchase styrofoam plates, cups, etc. for use at Salem Lutheran Church. We want to promote good stewardship of the environment.
- Pastor Marcus Hess suggested that we appoint a Steering Committee for the Sanctuary remodeling that would oversee things as they move forward. Council voted to appoint Marshall Bowen, John McGraham and Steve Seekins as the Steering Committee for the Sanctuary Redevelopment with the Council President as an ex-officio member.
- Our regular Custodian is unable to work on a Sunday so we want to hire somebody to do post-event clean-up at the church on a Sunday whenever we have concerts and/or meetings. If you know of somebody who might be interested, please contact the church office.
