RESURRECTION = FREEDOM!

If you read the front page story of the SF Chronicle on Thursday, Dec. 15, 2005, you would have read about a female humpback whale that had become entangled in a spider web of crab traps and lines. She was weighted down by hundreds of pounds of traps that caused her to struggle to stay afloat. She also had hundreds of yards of line (rope) wrapped around her body-her tail, her torso, a line tugging in her mouth.

A fisherman spotted her just east of the Farralone Islands (outside the Golden Gate) and radioed an environmental group for help. Within a few hours, the rescue team arrived and determined that she was so bad off, the only way to save her was to dive in and untangle her-a very dangerous proposition. One slap of the tail could kill a rescuer. They worked for hours with curved knives and eventually freed her.

When she was free, the divers say she swam in what seemed like joyous circles. She then came back to each and every diver, one at a time, and nudged them, pushed them gently around as though she was thanking them. Some said it was the most incredibly beautiful experience of their lives. The guy who cut the rope out of her mouth says her eye was following him the whole time, and he will never be the same.

The Resurrection of Our Lord Jesus Christ sets us free from the main thing that has us tangled – death. We are free to live and love and serve to help others know the same kind of freedom and joy and hope we know in The Risen Christ. Happy Easter to you and all those you hold dear! See you in church for sure March 23, if not before!

Love, Pastor Ford
